The Omachi rice is perfectly suited for Kozaemon's water, bringing softness on the palate and texture.

Highly fragrant, rich and thick on the palate. Sweetness of the rice shines through in this powerful sake.

Pair with egg dishes such as chawanmushi and omelets to highlight the softness.

Kozaemon is made by a small brewery in mountainous Gifu prefecture, located in the central region of Japan. Since 1702, Nakashima Brewery has been committed to brewing honest sake.
