Brewed using Special A Grade Yamadanishiki grown in Tojo village of Hyogo prefecture polished down to luxurious 35%. Aged in sub-zero temperatures before release, the sake is complex and highly concentrated with notes of Asian pear and stone fruits. Softness on the palate, with a voluptuous mouth-feel; these are signature characteristics from this brewery.

There is great aging potential in this Junmai Daiginjo.

Osawa brewery has been in the family since 1689. It is now run with great passion and enthusiasm by the 14th generation owner, who oversees all aspects of the brand, including sake production.
